Unthinkable Crucities. A Different Picture. Ford's Ordeal. California Rain.

—By ARTHUR BRIBANE—
(Copyright, 1932)

EFFECTIVE protests against social injustice and cruelty have been made in printed books. Every one remembers Charles Dickens' powerful attacks on whom cruelly managed, and the infamous delirious victim, Victor Hugo's "Les Misérables" and Zola's more recent writing on the Dreyfus case.

The moving picture, more powerfully and effectively than any other agency, has won against brutality in the past. What men see, read with their own eyes, and the eye of the camera, influences them more powerfully.

Arms Cut Hinges on Debt Decision

When the League of Nations disarmament conference meets once more in Geneva it will depend very largely upon the United States whether this meeting will be a sad disappointment, like the one of last July, or the real thing. President-elect Franklin D. Roosevelt, who will be entering office about the time that representatives of 60 nations begin their deliberations, will find himself confronted

with a major world problem at the very outset of his administration. And in this, he will face a difficult situation. These implements of aggressive warfare would be outlawed by the consent of the world, the terms of the proposals due to be submitted to the League of Nations disarmament conference at Geneva early next year. Should also be Sir John Simon of Great Britain and Premier Herriot of France, who have offered plans for arms reduction.

Great Army of Men and Women Seek Fortunes of Gold Hidden in Earth

Seven New Strikes Of Precious Ore In Canada Since 1925

Big Klondike Find Made in Year of Economic Distress

By EDWARD F. NELSON
Associated Press Staff Writer
DENVER, Colo., Nov. 28.—Seven new strikes of gold have been made in many parts of the globe since the war and women and men have been making a dash at gold when the world economy was in a determined search for gold to help out the world's treasure chest.

While this concerted effort is bringing results in financial gain to many of the searchers, there is always a chance that some fateful discovery may open up a new era of a new rich flow into the "e arth's treasure chest" and into the pockets of the world's people.

In Canada there have been seven new gold strikes since 1925. The past two years have seen gold strikes also in Mexico, Brazil, Russia, Chile, New Zealand and Africa.

B.C. DEMANDS ONE PER CENT. SALARY TAX

Dominion Government Employees Get Notices to Pay Up

VICTORIA, Nov. 28.—Dominion government officials and employees throughout British Columbia were showing concern today as a result of notices received through the mail from the British Columbia department of finance calling upon them to pay up the full amount of the one per cent salary tax.

At the department of finance it was explained that Dominion officials have not been paying the one per cent tax as the Dominion government has refused to recognize the validity of the tax.

Something Brewing

It's a significant gesture that Margaret McWherry, of Birmingham, Ala., is making with these old-fashioned beer steins. Not that she contains old-fashioned beer, either; she's only celebrating the return of the "real" variety. Since Birm's Alabama prohibition law banned anything that looked like, tasted like or smelled like beer, but the state legislature has voted, over the veto of Gov. G. M. Miller, to permit the sale of the innocuous beverage.

COURT HOLDS UP BANTING'S DIVORCE CASE

Judgment at Osgoode Hall Reserved in Noted Medical Trial

TORONTO, Nov. 28.—Judgment was reserved by Mr. Justice McEwen at Osgoode Hall today upon the application of Dr. Frederick G. Banting for an absolute divorce from his wife, Mrs. Wilhelmina Banting.

The application to make the divorce absolute was made by the famous physician and discoverer of the insulin treatment for diabetes, which was opposed by Dr. William Robertson, father of the late Dr. Banting.

Dr. Robertson alleged that Dr. Banting had treated his wife "cruelly," had been guilty of improper relations with other women, and that he had been guilty of adultery with his late wife's sister, Mrs. Banting.

Nazis Refuse Von Schleicher As Chancellor

General Von Schleicher Refused by Reichstag

BERLIN, Nov. 28.—Reappointment of Franz von Papen as Reichstag president today was a blow to the Nazis, who would not accept a cabinet formed by General Kurt von Schleicher.

Gregor Strasser, second in command of the forces of Adolf Hitler, declared today that he would not accept the appointment of Schleicher as chancellor.

General von Schleicher, who was appointed by the Reichstag today, is a former member of the Reichstag and a close friend of President Hindenburg.

CALGARY-BORN HOCKEY STAR GIVEN BOOST

U.S. Sports Writers Extoll Accomplishments of Ronnie Martin

NEW YORK, Nov. 28.—Canada has sent numerous groups of players to the United States in the last decade, selected to represent the Dominion in front of the American public. It is not unusual for these players to find minor difficulties between the two countries or perhaps to negotiate an important treaty, delegates to international sports events, to settle some international dispute or to confer on some other matter of importance to the two sides of the border. Yet none has received the attention of the American public as has Ronnie Martin, star of the Canadian hockey team of the United States.

Chicago, Boston and New York sports writers today extolled the accomplishments of individual members of the Canadian team. They were particularly complimentary of Martin, who has not at some time or other a glowing account of his career in the United States. He has not at some time or other a glowing account of his career in the United States.

Storage Charges On Grain Lowered

WINNIPEG, Nov. 28.—Effective today storage charges for grain in western grain divisions will be reduced by one cent per bushel per day instead of 1.30 cents previously charged.

The reduction in the grain storage charges was announced by the Board of Grain Commissioners for Canada.

HERE'S REAL IDEA OF PERFECT LADY

A girl asks me what is my idea of a perfect lady. Well, my idea of a perfect lady is the woman who has all the virtues of her grandmother, with the modern improvements of her flapper daughter. She is a woman who strikes the happy medium between power and gentleness and loveliness. Nothing shocks her, but she shocks no one herself.

She adapts herself to all circumstances and is equally at home in a palace or a hovel.

In the days of prosperity she is not puffed up by her good fortune, and when adversity comes to her she is not crushed by it.

She never boasts, nor whines. She does not hover to the great, nor high-bait the humble.

She is always just a little bit more considerate of the feelings and rights of those below her than she is of those above her. She never says things that wound and insult those who are incapable, because of their position, of treating their inferiors as equals.

She has her own opinions and convictions, but she never thrusts them upon you. She concedes to you the privilege of possessing your own religion, in dress and method of bringing up your children.

Her good manners are as much a part of her as her skin and she never thrusts them off at home or so.

What's What

By HELEN DUCH

She respects your privacy. No matter how intimate a friend she is, she never comes in the back of your door, nor does she ever ask you personal questions about your affairs.

She never thrusts unsought advice upon you. She assumes that you know more about your affairs than she does, and, anyway, that they are none of her business.

She never feels it her duty to tell the crowd about your business, but if somebody says your husband out having dinner with his friend, she will tell you, and if you are talking about your daughter not getting home until 3 o'clock, or else if you don't think your new hat is a little too young for you.

She is punctilious in small matters, such as returning books and paying little debts, and her share of common sense.

In dress she always has on just the right thing. No matter how cold the day may be, she never lugs down with jewels and gowns that she never wears, and she doesn't wear your party dress to the store when you are in the market.

When she comes to see you she does not rub her lipstick and powder on your face, nor does she wear her scarlet or emerald earrings. She is more careful of your belongings than she is of her own.

She falls in with your plans for her amusement. She eats what is set before her, and she doesn't complain on her diet or the calories it contains. She takes trouble to make herself fascinating to your friends, and when the time is set for her departure she goes. She never outstays her welcome.

Above all, she never stamps your husband or rebuffs your husband or rebuffs your husband or rebuffs your husband.

Odor, Gown Should Be Harmonious

Chart Shows Proper Use of Perfume in Relation to Color

By GLADYS GLADY
"America's Most Famous Beauty"
According to the art professor of one of our leading universities, color is as strongly related to odor as a gown is related to the occasion for which it is designed. A sports gown, for instance, would never be appropriate for wear at a formal dance. Nor would a heavy, oriental perfume suit a flower, flimsy, light gown.

According to said art professor, it is not only essential to wear the proper gown for the occasion, but also to wear the proper perfume. He says that the extent of a girl's culture may be determined by her use of perfume, just as well as her sense of style and behavior. To be charmingly attractive, the scent a girl wears must be as well suited to her attire as the deliciously woody scent of pine is to a formal gown. This well-known professor has composed a chart for the proper use of perfumes in regard both to their suitability to color and to occasion. It is a very interesting chart, and I think that the average woman who has difficulty in selecting proper colors may find it helpful.

Harpington: Perfumed to suit warm and light warm shades. Feminine in character.

Violet: Suited to medium, dark shades. Very feminine, denoting purity, sincerity and royalty.

Jasmine: Especially suited for light spring shades. Best feminine and masculine in character.

Musk: A heavy perfume best for dark colors.

Narcissus: For light, warm colors especially gold, peach, apricot and plum. For wear especially at formal events.

Nagasaki and Yvonne: Suitable for deep colors such as black, navy blue and brown.

Lily of the Valley: Best with pastel shades. Dainty, youthful and sweet in character.

Hellebore: For light, cool colors mostly. Feminine and masculine.

Rose and Carnation: Particularly adaptable to heavier colors. Suitable for both formal and informal occasions.

The Housewife's Idea Box

For Your Linoleum
If you have no better cleaner for your linoleum, try adding some brown to the warm water to which you are going to wash it. The brown will clean the floor and make the cleaning easier and better. In fact, just sprinkle some of the fine for cleaning any hard spot. Never allow water to run under cracks or seeps.

Loyalty Is Problem of Young Folk

Girl Feels Undeserving of Lover for Accepting Dates

By VIRGINIA LEE
"Dear Virginia," Recently I read the letter in your column from a boy who is disappointed because he has discovered that she has gone out with other boys. My sister, who loves him, has always plenty of friends, both boys and girls, and she is always brought up to be honest and truthful. I had always played square with the fellows, and expected the same from them.

About four years ago I met a boy I thought was my ideal. He claimed he loved me and couldn't stand the thought of my being with anyone else, and said he didn't care to go with others. So for about one year, you see, we went together, then I began to hear rumors that he was going out with other girls, and when I questioned him he denied it. I did some checking up and found that he was telling the truth. "After that I tried going steady" with two or three boys, and found them doing the same things, so I began to try it and somehow I came out with a few more. I never told him about it, and he never found out.

"Now I have been going with a boy for about one and one-half years and I trust him absolutely. He has told me all his secrets. He says he loves and trusts me, and we have planned to marry. He lives some distance away and can only see me about once a week. Occasionally my old boy friends will ask me out and I have to refuse them, but I don't mind that. I don't love the boy I trust, but just something that I can't explain. Always tell him the next time I see him, but I know I shouldn't do that. There doesn't seem to be anything wrong in it to me. However, I'm not in favor of being deceitful about it. I hope if the boy who wrote the letter would demand the same honesty from the girl he would soon find out whether she really cares or not, because if she did care she would not want him with other girls."

I have found that no matter how much you may care at the time, you can always get over it in time, and find someone else so fine and good that in a way you will really care more than you did for the one who hurt you. I've written time and again that I'll never marry, but I've found that the first place, and then I could probably be more sure of his love than I am now.

ANSWERS TO QUESTIONS
Vinegar Rinse
Betty: The vinegar rinse should be composed of half a glass of cold vinegar, and a pint of clear water. Hair
Ann: The best oil treatment for conditioning hair before and after a permanent wave, are fully described in my "Beauty Culture" booklet. This booklet also contains advice on make-up.
Weight
Marnie: I think that a girl should weigh about 110 to 120 pounds.

ASKS FOR SIGN SPEEDY COAST CENTRE-ICE STAR

GREAT SPEEDER WILL PERFORM WITH ESKIMOS

"Chuck" Dunn Comes Highly Recommended by Frank Patrick—Will Arrive With Goalie Earl Robertson and Chubby Scott Wednesday

Impressed as to the speed of the fast-paced forward in professional hockey, Coach Dunn, former Calgary star and a member of the Vancouver Lions in the Coast League two years ago, moved his signed contract to Gordon "Duke" Keene and he will start his stint for Edmonton Eskimos in the newly organized Western Canada pro hockey league, when they open the season late in the month of November.

Keene, who Dunn's acceptance of terms yesterday afternoon and the speedster as two on one to the Alberta capital, having described him Vancouver last night.

Patrick, highly recommending him to Dunn as an authority, then Frank Patrick, once coach of western hockey, wrote Keene urging him to grab the speeding centre. Patrick's reason in his letter that Dunn would have been performing much like the fast hockey star in the west of the Coast League two years ago in time to report to his club.

Labor Envoys Vote 30-Hour Week

CONVENTION'S ACTION CLIMAX TO HECTIC DAY

President Green Declares 5-day Plan Will Obtain by Force

CINCINNATI, O., Nov. 29.—Under the impassioned leadership of President William Green, delegates to the national convention of the American Federation of Labor late yesterday declared their approval of a 30-hour work week. The proposal met unanimous approval.

"We must let the world know we demand action in response to our appeal to reason or we will secure it through force if necessary," Green declared, in recommending adoption of the resolution for a 30-hour day, 5 1/2 day, week work schedule.

Debate on the resolution extended only 15 minutes, after which a recommendation that officers of the federation be given authority to forward the proposal.

NO OPPOSITION
There was no evident opposition to the proposal itself. The convention's action provided a climax to a stirring day of resolutions. Green declared, in recommending adoption of the resolution for a 30-hour day, 5 1/2 day, week work schedule.

Debate on the resolution extended only 15 minutes, after which a recommendation that officers of the federation be given authority to forward the proposal.

CALL ON CONGRESS
Green, urging a general adoption of the shorter working week, asked the federation to call on Congress to pass legislation at the coming session of the United States Congress.

He declared the federation would request the government to make the 30-hour week effective among federal employees.

Green, asked to explain what he meant by "force of some kind," said only that he referred to "economic force." He refused to amplify the explanation further at the time.

MORE ABOUT CITY COUNCIL
CONTINUED FROM PAGE NINE

H. Ogilvie, Ald. C. L. Gibbe and Ald. Rice Sheppard.

Difference of opinion between Ald. Baker and Ald. East came when recommendations for the hospital fund were considered. The new members of this board were recommended by the committee as follows: Ald. J. T. McCreary, Rice, Canon, C. F. A. Clough, E. F. Wood, E. J. Thompson and Mrs. I. G. Ringwood, these holding office for the ensuing three years.

In addition to this, the following continue in office: A. Farnish, D. W. Hazlett, Mayor D. K. Knott, B. Lake and J. S. Burt.

CLAIMS NEGLECT
Ald. Baker declared that the money put forward by the C. G. A. organization for positions on the board had been neglected. He did not feel that this was fair play or cooperation.

In answer to this, Ald. East said that four of the board members were C. G. A. members and that Baker, therefore, couldn't have had more than two on the board at the very most. He also pointed out that Baker had only one member on the board last year.

Ald. Baker still stuck to his point, however, that the suggestions made by the C. G. A. had been disregarded. There is no cooperation at all, he said. He then moved that this question be referred back to the nominations committee.

The only Labor representatives suggested were E. J. Thompson and Mrs. I. G. Ringwood. Ald. East would suit Ald. Baker.

ADVISORY COMMITTEE
Notice of motion was given by Ald. Gibbe at Monday's meeting to the effect that a committee be appointed to act in an advisory capacity to city commissioners and to act as a personnel for the body which is really the old unemployment committee. Two members of the committee were Ald. Baker and a Labor member, one representative of business and one representative of the unemployed.

Another bill occurred between Ald. Baker and Labor adherents when the question of times of meeting for the city finance and by-laws committee were considered. Ald. Baker said he would like to have the finance heads in session on the Tuesday preceding the regular council meeting.

Ald. Findlay, who is on this committee, said that he would be unable to attend a Tuesday afternoon meeting. He suggested Wednesday afternoon, but the council strongly is to consider holding this meeting on the Tuesday morning.

TO FIX SCHEDULE
It was finally decided to hold the meeting of the committee on Tuesday, December 6, at 4 p.m., and this gathering will be a schedule for future meetings will be set.

First meeting of the committee was set for Thursday, December 8, at 8 p.m. The schedule for future meetings will be set at this meeting.

Second meeting of the committee was set for Thursday, December 15, at 8 p.m. The schedule for future meetings will be set at this meeting.

Third meeting of the committee was set for Thursday, December 22, at 8 p.m. The schedule for future meetings will be set at this meeting.

Fourth meeting of the committee was set for Thursday, December 29, at 8 p.m. The schedule for future meetings will be set at this meeting.

Fifth meeting of the committee was set for Thursday, January 5, at 8 p.m. The schedule for future meetings will be set at this meeting.

STOREKEEPER LOSES BATTLE WITH MUSKEE

WINNIPEG, Nov. 29.—A frantic struggle, waged in waist-high muskeg, uncovered, but only slightly from, ended in death from exhaustion, for a short distance east of here.

Missing from his home since Friday, from where he set out for a visit to his wood camp near Benzie, Nemerevsky's body was found by searchers late today.

Fifty yards from the railway tracks, near Benzie, the body was found.

LOST HIS WAY
Attempting to cross the bog-land, the storekeeper had advanced but his way and wandered around for hours. There was evidence he had fallen on, waist-high in the mire until he could fight no longer.

After exhaustion broke him, there is a heavy blanket of snow over the area, but the muskeg was not sufficiently frozen to bear the weight of a man. Nemerevsky was a big man, heavy set, and well over six feet in height.

DIRECT SEARCH PARTY
Chief Game Guardian Thomas Gibson and members of the Royal Canadian Mounted Police, stationed at Vivian, directed the search party, among the town and district, during the morning.

The body was brought to Vivian last night and Coroner D. Denison of Whitecourt, Man., after viewing the scene of the tragedy, decided an inquest unnecessary.

MANY QUESTIONS ASKED COUNCIL
City commissioners will have a busy time investigating and giving answers to many questions asked Monday night by the council.

Near the end of every council meeting a few minutes are set aside during which councilors ask questions of the city administration. These are answered in the form of a report at the next meeting.

Following were the inquiries made Monday: The name of the following aldermen being given in the report.
